A towpath runs alongside the canals, allowing guests to either walk or bicycle between locks, or stay on board and watch the world go by as the scenery changes with every bend in the waterway. Guests may use the onboard bicycles to explore nearby villages and countrysides or ride the towpath alongside the barge. A motor coach is also available for excursions by vehicle.

## ITINERARY

The light has been a big attraction in France; it gave a life to the Impressionist painters of the 1800's. In the morning, the sun

shines soft, highlighting the oranges and reds; in the afternoon, it filters through the trees overhead the canal as you glide through the forests and fields; and in the evening, it lights up the greens and forms the pastels in the Burgundy vineyards or the mountains of Alsace as it makes its journey westward toward sunset. **Lorraine** offers a luxury cruise through the Canal de la Marne au Rhin, Canal du Rhône au Rhin and the Burgundy Canal.

A journey through Alsace - perhaps the most picturesque province in France - is a voyage of endless discoveries - of art and architecture, gourmet food and wine, history and heritage. The Burgundy Canal is among the most popular in Europe. Picturesque medieval villages, moated castles, bicycle paths galore, the world's most popular vineyards, a style of cooking that is world renowned all make your time in Burgundy aboard Lorraine the most precious days of your year.
